

Public Safety, Law Enforcement, and Homeland Security Events and Activities

The Esri International User Conference has many presentations and events with hundreds of topics covered. To help you find your way to the Public Safety related content, we have prepared a more focused agenda.

Esri Homeland Security Summit

July 9–12 Hilton San Diego Bayfront

The Geographic Approach: A Framework for Mission-Critical Decision Making

Now more than ever, it's essential to know how to meet the mission and bridge the gap between few resources and high expectations. At the Esri Homeland Security Summit, attendees explore how to accomplish these goals with geographic information system (GIS) technology. The conference is geared so you return to work equipped to achieve success in your specific mission areas.

As the only geospatial conference dedicated to homeland security, the 2011 Esri Homeland Security Summit is a tremendous opportunity to learn how to leverage the geographic approach in your organization. Learn more at www.esri.com/hssummit.

Public Safety Showcase

Tuesday, July 12, 9:00 AM–6:00 PM

Wednesday, July 13, 9:00 AM–6:00 PM

Thursday, July 14, 9:00 AM–1:30 PM

Ground Level Exhibit Hall D, San Diego Convention Center (SDCC)

Visit the Public Safety Showcase to see GIS solutions for all aspects of public safety. The Showcase will feature law enforcement, fire, homeland security, and emergency management solutions including mobile applications, incident analysis, and simulated disaster incident mapping. You can get hands-on GIS experience; meet GIS users from police, fire, and emergency management communities; and see demonstrations of their work. Be sure to stop by our large screen demo theater for the latest GIS solutions for public safety.

Returning to the Public Safety Showcase this year is Operation SafetyNet. SafetyNet demonstrations will show you exactly how ArcGIS technology supports the four public safety workflow patterns (Data Management, Planning and Analysis, Field Mobility, and Situational Awareness).

Public Safety Showcase Demo Theater Schedule

Tuesday, July 12

9:30 AM	SafetyNet—Law Enforcement Operation Briefing
10:00 AM	ArcGIS: Innovative GIS Tools for the Investigator
10:30 AM	Esri Disaster Response Program Supports the Japan Earthquake, Tsunami, and Nuclear Incident
11:00 AM	SafetyNet—Fusion Center Operation Briefing
11:30 AM	Enhance Fusion Center Capabilities with Fusion Core Solution
NOON	The Next Evolution in Information-Led Policing
12:30 PM	Emergency Response in Honolulu Utilizing ArcGIS Viewer for Flex
1:00 PM	Emergency Preparedness for Technological Hazards - Nuclear, Chemical, etc.
1:30 PM	High Performance EMS Through GIS
2:00 PM	SafetyNet—Fire Services Operation Briefing
2:30 PM	Integration of i2's Analyst's Notebook with Esri's Mapping and Geospatial Tools
3:00 PM	HAZUS-MH: FEMA's Tool for Identifying, Measuring, and Reducing Losses from Natural Hazards
4:00 PM	SafetyNet—Emergency Management Operation Briefing
4:30 PM	Best Practices in Implementing GIS for Incident Command
5:00 PM	ArcGIS Runtime: Creating Specialized Applications for Public Safety
5:30 PM	2011 Queensland Floods and Cyclones: How Location Intelligence Helped in Response and Recovery

Wednesday, July 13

9:30 AM	Crime Maps: Minimizing the Subjectivity
10:00 AM	SafetyNet—Fires Services Operation Briefing
10:30 AM	Sharing Incident Data for Public Safety Using ArcGIS.com and Mobile Applications
11:00 AM	SafetyNet—Emergency Management Operation Briefing
11:30 AM	Integration of i2's Analyst's Notebook with Esri's Mapping and Geospatial Tools
NOON	High Performance EMS Through GIS
12:30 PM	The Next Evolution in Information-Led Policing

SYSTEMS

1:00 PM	HAZUS-MH: FEMA's Tool for Identifying, Measuring, and Reducing Losses from Natural Hazards
2:00 PM	SafetyNet—Fusion Center Operation Briefing
2:30 PM	ArcGIS for Emergency Response: 2011 National Level Exercise (NLE 2011)
3:00 PM	Crowdsourcing and Crisis Mapping for Public Safety
3:30 PM	Enhance Fusion Center Capabilities with Fusion Core Solution
4:00 PM	SafetyNet—Law Enforcement Operation Briefing
4:30 PM	Family Night—Keeping Kids Safe—Uncovering the Hidden Dangers in Your Home
5:00 PM	Family Night—Interactive Activities and Special Guests for Families

Thursday, July 14

9:30 AM	SafetyNet—Fires Services Operation Briefing
10:00 AM	Best Practices in Implementing GIS for Incident Command
10:30 AM	SafetyNet—Law Enforcement Operation Briefing
11:00 AM	ArcGIS Web and Mobile Applications Support New Zealand's Earthquake Response and Recovery
11:30 AM	SafetyNet—Fusion Center Operation Briefing
NOON	10 Steps to Configure the Public Safety COP Template
12:30 PM	SafetyNet—Emergency Management Operation Briefing

Technical Workshops

Wednesday, July 13

1:30 PM	ArcGIS for Public Safety—An Introduction	SDCC, Room 17 A
3:15 PM	ArcGIS for Public Safety—Configuring	SDCC, Room 17 A

Special Interest Group Meetings

Tuesday, July 12

NOON	GIS for Homeland Security	SDCC, Room 17 A
NOON	GIS for Search and Rescue	SDCC, Room 17 B

Wednesday, July 13

NOON	GIS for Disaster and Emergency Management	Sponsored by 	SDCC, Room 17 B
------	---	--	-----------------

Thursday, July 14

NOON	GIS for Law Enforcement	SDCC, Room 17 A
NOON	GIS for Structure Fire and Wildland Fire Management	SDCC, Room 17 B

Moderated Paper Presentations

Tuesday, July 12

8:30 AM	Homeland Security	Preparing for the Worse	SDCC, Room 17 A
8:30 AM	Disaster Management	GIS for Flood Analysis	SDCC, Room 17 B
10:15 AM	Disaster Management	Managing Incidents and Minimizing Risks	SDCC, Room 17 B
1:30 PM	Disaster Management	Web-Based Situational Awareness	SDCC, Room 17 A
1:30 PM	Disaster Management	Searching for the Missing and Picking Up the Pieces After the Storm	SDCC, Room 17 B
3:15 PM	Disaster Management	Critical Data For Planning and Response	SDCC, Room 17 B

Wednesday, July 13

8:30 AM	Disaster Management	Developing the Right Database to Manage Risks	SDCC, Room 17 B
10:15 AM	Disaster Management	GIS in the Gulf Oil Spill Response	SDCC, Room 17 B
1:30 PM	Disaster Management	Getting People Out of Harm's Way	SDCC, Room 17 B
3:15 PM	Disaster Management	Emergency Management GIS	SDCC, Room 17 B

Thursday, July 14

8:30 AM	Law Enforcement	GIS for Crime Analysis	SDCC, Room 17 A
8:30 AM	Public Safety	Response Planning and Analysis with GIS	SDCC, Room 17 B
10:15 AM	Public Safety	Managing Wildfire Risks with GIS	SDCC, Room 17 B
1:30 PM	Law Enforcement	Analyzing Crime on Campus and in the Detention Centers	SDCC, Room 17 A
1:30 PM	Public Safety	The Role of GIS in Computer-Aided Dispatch	SDCC, Room 17 B
3:15 PM	Public Safety	GIS for Optimizing Routing in Computer-Aided Dispatch	SDCC, Room 17 B
