WHO ARE WE?

On their own for the first time, Dorms to Diplomas residents are just learning about finance and cooking. Frozen dinners and fast food are common options. Shopping trips are sporadic, and preferences for products are still being established. Many carry a balance on their credit card so they can buy what they want now. Although school and part-time work take up many hours of the day, the remainder is usually filled with socializing and having fun with friends. They are looking to learn life lessons inside and outside of the classroom. This is the first online generation, having had lifelong use of computers, the Internet, cell phones, and MP3 players.
