

ArcGIS for Windows Phone Product Life Cycle Support Status

The Product Life Cycle Support Policy is designed to help communicate to ESRI users the technical support resources available during a product's life span and to provide advanced notification of planned changes to available support options. Read more about this in our [Product Life Cycle Support Policy](#).

Notes:

- ArcGIS for Windows Phone includes the following products:
 - ArcGIS for Windows Phone Application
 - ArcGIS Runtime SDK for Windows Phone
- The current version of the application available the Marketplace has general availability. All previous versions are retired.
- Technical support for ArcGIS for Windows Phone products is provided to ArcGIS Server licensed users; users that have purchased the product for commercial use deployment, or users that have purchased Technical Support via EDN.
- Dates listed in a support column provide the date on which the product entered that support level.

Version	Release Date	General Availability	Extended Support	Mature Support	Retired	Notes
Application 2.x*	Sept 2010	X				Current version has general availability. All previous versions of the app are in a retired phase
SDK 2.4	Jan 2012	X				
SDK 2.3	Nov 2011			X		
SDK 2.2	June 2011				X	
SDK 2.1	Nov 2010				X	
SDK 2.0*	July 2010				X	

* The Windows Phone API starts at version 2.x because it shares business logic with the Silverlight/WPF API
