

ArcGIS for iOS Product Life Cycle Support Status

The Product Life Cycle Support Policy is designed to help communicate to Esri users the technical support resources available during a product's life span and to provide advanced notification of planned changes to available support options. Read more about this in our [Product Life Cycle Support Policy](#).

Notes:

- ArcGIS for iOS includes the following products:
 - ArcGIS for iOS Application
 - ArcGIS Runtime SDK for iOS
- The current version of the application available the App Store has general availability. All previous versions are retired.
- Technical support for ArcGIS for iOS products is provided to ArcGIS Server licensed users; users that have purchased the product for commercial use deployment, or users that have purchased Technical Support via EDN.
- Dates listed in a support column provide the date on which the product entered that support level.
