

ArcPad Product Life Cycle Support Status

The Product Life Cycle Support Policy is designed to help communicate to ESRI users the technical support resources available during a product's life span and to provide advanced notification of planned changes to available support options. Read more about this in our [Product Life Cycle Support Policy](#)

Notes:

- The ArcGIS Server ArcPad extension and the ArcPad Data Manager extension for ArcGIS Desktop are part of the ArcPad product. They carry the same Product Life Cycle as the main ArcPad product.
- All patches and hot fixes available for a particular version have the same support status as the version they address
- There is no release of ArcPad Application Builder 6.0.3. ArcPad Application Builder 6.0.1 works with ArcPad 6.0.3 and carries the same Product Life Cycle Support Status as ArcPad 6.0.3.
- There is no release of ArcPad StreetMap 6.0.3. ArcPad StreetMap 6.0.1 and 6.0.1.1 work with ArcPad 6.0.3 and carry the same Product Life Cycle Support Status as ArcPad 6.0.3.
- ArcPad StreetMap 6.0.1 and 6.0.1.1 are not supported in ArcPad 7.0 and ArcPad 7.0.1.
- ArcPad 7.1 includes StreetMap extension in the core product.
- Dates listed in a support column provide the date on which the product entered that support level.
