Directory of Major Malls® (DMM)
Major Shopping Center File

Company location: Nyack, New York

Web address: http://shoppingcenters.com/

Description: Directory of Major Malls tracks the following information on over 5,100 major shopping centers and malls across the United States. The file used in Business Analyst includes all shopping centers with a gross leasable area (GLA) of approximately 225,000+ square feet and is current as of June 2010. Lifestyle/specialty centers of any size are also included in this file as this classification of centers has recently become a primary focus in shopping center development. In addition, the data in Business Analyst contains the data for up to four Anchor stores.
