Change Notes

Market Data are now projections for 2024 (previously 2023). Unemployed Persons are shown for 2023 (previously 2022). Utilization of updated input data from official statistics has led to deviations in the number of Unemployed Persons. Consumer Spending projections in national currency for 2024 show variations compared to 2023 with shifts within categories due to revision of expenditure data.

Other Data Notes

For reasons of data privacy, for areas with less than 10 inhabitants, all given data except Population and Household numbers are anonymized. For these areas, all variables simultaneously referring to currency and population are based on the national average, and all other variables are set to zero.
