- Boundaries:** © Michael Bauer Research GmbH, Nuremberg, Germany, 2024. Data Source for Digital Boundaries: 2024 Michael Bauer Research GmbH contains © data from Geodatastyrelsen 2016, updated to vintage 2024 by Michael Bauer Research GmbH. © data from the Danish Agency for Data Supply and Infrastructure (data.fordeler.dk), Denmark's Administrative Geographical Divisions, February 2024.
- Settlement Points:** The settlement points utilized by this dataset were created using November 2022 OpenStreetMap (OSM) Building Footprints. Esri is a supporter of the OSM project, www.OpenStreetMap.org. The buildings were constrained to exclude nonresidential units that could be identified. The settlement points were verified and improved using Esri Imagery, Geonames point data, and HERE based Esri Street Map Premium Layers. When necessary, household values were distributed evenly onto multiunit residential buildings with a top-down approach using the Michael Bauer Research household values from the lowest level geography.

For these areas, all variables simultaneously referring to currency and population are based on the national average, and all other variables are set to zero. For Postal Codes, Education and Marital Status are based on the distribution of the respective Kommuner. Unemployed Persons are based on per capita values of the respective Kommuner.
