Data Source

Data: © Michael Bauer Research GmbH 2024 based on © National Statistics Office, Eurostat.

Boundaries: © Michael Bauer Research GmbH, Nuremberg, Germany, 2024.

Settlement Points: The settlement points utilized by this dataset were created using 2023 OpenStreetMap (OSM) Building Footprints, Microsoft Global ML Building Footprints and the European Commission Global Human Settlement Layer (GHSL). More information about the data can be found here: https://www.openstreetmap.org, https://github.com/microsoft/GlobalMLBuildingFootprints, https://ghslsys.jrc.ec.europa.eu. The buildings were constrained to exclude nonresidential units that could be identified. The settlement points were verified and improved using Esri Imagery and HERE based Esri Street Map Premium Layers. When necessary, household values were distributed evenly onto multiunit residential buildings with a top-down approach using the Michael Bauer Research household values from the lowest level geography.
