Change Notes

The Spanish language paper questionnaire for the ACS and PRCS in 2020 and 2021 listed the periods of military service in the incorrect order. This resulted in a data collection error where some veterans were assigned an incorrect period of military service. The magnitude of this data collection error resulted in information on veteran period of military service being suppressed for all Puerto Rico geographies in the 2017-2021 5-year data product. As the incorrect ordering was only present on the Spanish language questionnaire, the data collection issue was not widespread enough in the US to require suppression there. <https://www.census.gov/programs-surveys/acs/technical-documentation/errata/136.html>
