**WHO ARE WE?**

Family is central within these communities, bringing rich traditions to these neighborhoods in the urban outskirts. Dominating this market are younger families with children or single-parent households with multiple generations living under the same roof. These households balance their budgets carefully but also indulge in the latest trends and purchase with an eye to brands. Most workers are employed in skilled positions across the manufacturing, construction, or retail trade sectors.

**OUR NEIGHBORHOOD**

- Family market; over a third of all households are married couples with children, with a number of multigenerational households and single-parent families; household size is higher at 3.62.
- While most residents live in single-family homes, almost 10% of householders reside in mobile home parks.
- Homes are owner occupied, with slightly higher monthly costs (Index 103) but fewer mortgages (Index 83).
- Most are older homes, nearly 60% built from 1950 to 1989.
- Most households have one or two vehicles; many commuters carpool or walk to work (Index 145).
- **Forging Opportunity** residents live within the urban periphery of larger metropolitan areas across the South and West.

**SOCIOECONOMIC TRAITS**

- While a majority finished high school, over 40% have not (Index 321).
- Labor force participation is slightly lower at 61%.
- More than one in four households is below the poverty level (Index 183).
- Residents balance their budgets carefully by spending only on necessities and limiting activities like dining out.
- Many have no financial investments or retirement savings, but they have their homes.
