**WHO ARE WE?**

*Retirement Communities* neighborhoods are evenly distributed across the country. They combine single-family homes and independent living with apartments, assisted living, and continuous care nursing facilities. Over half of the housing units are in multiunit structures, and the majority of residents have a lease. This group enjoys watching cable TV and stays up-to-date with newspapers and magazines. Residents take pride in fiscal responsibility and keep a close eye on their finances. Although income and net worth are well below national averages, residents enjoy going to the movies, fishing, and taking vacations. While some residents enjoy cooking, many have paid their dues in the kitchen and would rather dine out.

**OUR NEIGHBORHOOD**

- Much of the housing was built in the 1970s and 1980s—a mix of single-family homes and large multiunit structures that function at various levels of senior care.
- Small household size; many residents have outlived their partners and live alone.
- Over half of the homes are renter occupied.
- Average rent is slightly below the US average.
- Nearly one in five households has no vehicle.

**SOCIOECONOMIC TRAITS**

- Brand loyal, this segment will spend a little more for their favorite brands, but most likely they will have a coupon.
- Frugal, they pay close attention to finances.
- They prefer reading magazines over interacting with computers.
- They are health conscious and prefer name brand drugs.
**AGE BY SEX**  
(Esri data)  
Median Age: 53.9  
US: 38.2  
*Indicates US

**RACE AND ETHNICITY**  
(Esri data)  
The Diversity Index summarizes racial and ethnic diversity. The index shows the likelihood that two persons, chosen at random from the same area, belong to different race or ethnic groups. The index ranges from 0 (no diversity) to 100 (complete diversity).  

**Diversity Index: 49.4**  
US: 64.0  

**INCOME AND NET WORTH**  
Net worth measures total household assets (homes, vehicles, investments, etc.) less any debts, secured (e.g., mortgages) or unsecured (credit cards). Household income and net worth are estimated by Esri.

**INCOME AND NET WORTH**

- **Median Household Income**
  - US Average: $40,800
  - Median: $56,100

- **Median Net Worth**
  - US Average: $53,300
  - Median: $93,300

**AVERAGE HOUSEHOLD BUDGET INDEX**

The index compares the average amount spent in this market’s household budgets for housing, food, apparel, etc., to the average amount spent by all US households. An index of 100 is average. An index of 120 shows that average spending by consumers in this market is 20 percent above the national average. Consumer expenditures are estimated by Esri.

**OCCUPATION BY EARNINGS**

The five occupations with the highest number of workers in the market are displayed by median earnings. Data from the Census Bureau's American Community Survey.
MARKET PROFILE  (Consumer preferences are estimated from data by GfK MRI)

- Contribute to political organizations and other groups.
- Entertainment preferences: playing cards and reading books.
- Prefer watching cable TV, including premium channels like HBO and Cinemax.
- Like to travel—including visits to foreign countries.
- Shop at diverse, large retail chains like Sears, Family Dollar, Target, and Walmart for convenience.

POPULATION CHARACTERISTICS

Total population, average annual population change since Census 2010, and average density (population per square mile) are displayed for the market relative to the size and change among all Tapestry markets. Data estimated by Esri.

ESRI INDEXES

Esri developed three indexes to display average household wealth, socioeconomic status, and housing affordability for the market relative to US standards.

- **Wealth Index**: 61
- **Socioeconomic Status Index**: 93
- **Housing Affordability Index**: 110

HOUING

Median home value is displayed for markets that are primarily owner occupied; average rent is shown for renter-occupied markets. Tenure and home value are estimated by Esri. Housing type and average rent are from the Census Bureau’s American Community Survey.
SEGMENT DENSITY
This map illustrates the density and distribution of the Retirement Communities Tapestry Segment by households.
