

RELEASE NOTES

These release notes highlight some general information about the SMP for ArcGIS Q3 2019 Locator Update.

1) System Requirements:

StreetMap Premium Component	Software
New locators for geocoding	ArcGIS Enterprise 10.6.1 or later ArcGIS Pro 2.3.3 or later

See [System Requirements for StreetMap Premium for ArcGIS](#) on the ArcGIS website.

Note: The locators in the Locator Update are a new style of locators similar to the ones used for the ArcGIS Online World Geocoding Service. However, since StreetMap Premium utilizes primarily HERE data for the source of address data, and the ArcGIS Online World Geocoding Service utilizes HERE data plus other vendors or public sources of information, some countries' geocoding results may vary. When using these new locators, it is always highly recommended that you run the most recent releases of ArcGIS Pro and/or ArcGIS Enterprise. These locators will be released on a quarterly basis for all five StreetMap Premium regions.

2) Patches and Service Packs (strongly recommended):

See [Patches and Service Packs for StreetMap Premium for ArcGIS](#) on the ArcGIS website.

3) My Esri Download or Media Contents:

- a. **LocatorUpdate_Q319_Documentation.7z** - QuickStartGuide and Release Notes files
- b. **AP_Q319_NewLocators.7z** - NewLocators folder for Asia Pacific region
- c. **EU_Q319_NewLocators.7z** - NewLocators folder for Europe region
- d. **LA_Q319_NewLocators.7z** - NewLocators folder for Latin America region
- e. **MA_Q319_NewLocators.7z** - NewLocators folder for Middle East and Africa region
- f. **NA_Q319_NewLocators.7z** - NewLocators folder for North America region

Refer to the Quick-Start Guide-SMP for ArcGIS Q3 2019 Locator Update.pdf for more information.

4) Data Size:

Q3 2019:

- | | |
|---------------------------|--------|
| a. Asia Pacific | 15.3GB |
| b. Europe | 24.9GB |
| c. Latin America | 4.8GB |
| d. Middle East and Africa | 3.8GB |
| e. North America | 19.3GB |

5) Locator Changes:

- a. Reference dataset based on HERE Q3 2019 vintage
- b. New locators added for Taiwan (TWN) in Asia Pacific region and Suriname (SUR) in Latin America region. Faroe Islands (FRO) geocoding data now included with Denmark (DNK) locator in Europe region.
- c. Additional source data updates for the United States, including data provided by the GIS user community through the Community Maps for Addresses program.
- d. See [What's new](#) on the ArcGIS website.

Refer to the Geocoding addresses section 'About the new address locators for geocoding' in the Help.htm of North America 2019 Release 3 for the latest information on new locators (as the StreetMap Premium for ArcGIS Locator Updates will be released quarterly and before the scheduled 2019 releases of some of the other StreetMap Premium product regions). See the [help and quick-start guide downloads](#) on the ArcGIS website.

6) Deprecations:
